Allegheny Musarium Association, Inc.
PO Box 554
Warren, Pa 16365

To Whom It May Concern,

The Warren County Visitor's Bureau is pleased to support the Allegheny Musarium that will be located just off Route 6 in Conewango Township, Warren County.

This project will bring many travelers to the Region and will be a major destination along Route 6 and instrumental in increasing visitors to the Pennsylvania Wilds. The proposed Musarium will house indigenous aquatic and wild life and will give visitors a glimpse into what lies beneath the Allegheny River. The historical attributes of the Musarium will showcase the Native Americans, the Heritage Oil, Heritage Lumber and the PA Wilds found in this corner of the Pennsylvania.

This will be an exciting exhibit, a learning experience and a place for return visits for many years to come. When the project is fully completed, there will be outdoor and indoor activities for young and old alike, and will cover many acres of scenic land overlooking the Allegheny River Watershed.

Since the Musarium is close to the Allegheny National Forest, it is expected that the visitors will also spend time exploring the forest, the Kinzua Dam area, the waterways and the communities nearby.

The Visitor's Bureau is looking forward to meeting the needs of the travelers when they visit the region and helping them to find the lodging, restaurants and other places of interest. Please contact me if you require additional information.

Sincerely,

A handwritten signature in black ink, appearing to read "Diane Shawley".
