To Whom It May Concern:

The Warren-Forest Counties Economic Opportunity Council is pleased to partner with the Allegheny Musarium Association on your project. This project is valuable to the continuing efforts that Warren-Forest EOC is making to enhance the quality of life in Warren and Forest Counties.

The Allegheny Musarium will economically stimulate the Warren-Forest region in addition to providing employment, increasing the tax base, and building business opportunities, all of which will benefit the Warren-Forest Counties EOC programs and services.

The Musarium Project will enable small businesses to develop from the daily needs of your facility. Entrepreneurs completing the GANE program through Warren-Forest Counties EOC will more likely be successful with their business endeavors. The influx of tourist dollars will enhance the economic prosperity of the region. The possibility of new families moving to the area will benefit from housing and other services that Warren-Forest Counties EOC offers, including Pre-K and Head Start programs.

Warren-Forest Counties EOC realizes that the Musarium will create a destination for travelers along Routes 6, 62, 27, 69 and 59, and that each of the four Regional Main Street Communities will benefit from the increased traffic coming into the county.

Thank you for your efforts and feel free to contact me if you have any other questions.

Sincerely,

Robert A. Raible
Executive Director
