Allegheny Musarium Association
P.O. Box 554
Warren, PA 16365

To Whom It May Concern,

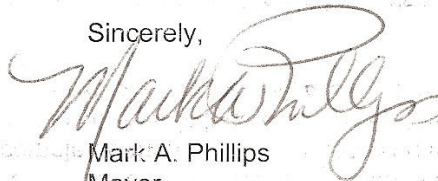

The City of Warren is pleased to support the Allegheny Musarium. The Musarium will be located just off of Route 6 in Conewango Township in Warren County. As a major destination along Route 6, this project will bring many travelers to the region and will be instrumental in increasing the number of visitors to the City of Warren. The proposed Musarium will house indigenous aquatic and wildlife and will give visitors a glimpse into what lies beneath the Allegheny River. The historical attributes of the Musarium will showcase the Native Americans and the oil and lumber heritage found in this corner of Pennsylvania.

This will be an exciting exhibit, a learning experience, and a place for return visits for many years to come. When the project is fully completed there will be outdoor and indoor activities for young and old alike and it will cover many acres of scenic land overlooking the Allegheny River. It is expected that visitors will also spend time exploring the forest, the Kinzua Dam area, the waterways, and communities nearby.

This project will result in many smaller businesses being created and will also be a catalyst for other developments in the area. The tax base will be improved which will create more infrastructure improvements to be made.

It is with great pleasure that the City of Warren offers to support this project. We look forward to assisting you in your efforts as your project progresses and will continue that support after the Musarium opens for business. We realize that the Musarium will create a destination for travelers and that the entire region will benefit from the increased traffic coming into the City of Warren and Warren County. Please do not hesitate to contact our office should the need arise.

Sincerely,

Mark A. Phillips
Mayor
